At The [Fiona Project](#) we want to make access to ADHD and Mental Health treatment easier and more effective for everyone.

When you use our services, you commission the services of our members and associates, all of whom are clinically trained in ADHD assessment and treatment and are listed on the specialist register at [British Association of Counselling and Psychotherapy](#) (BACP) and the [Nursing and Midwifery Council](#) (NMC) which is the medical regulatory authorities based in the UK.

By using The [Fiona Project](#), including this website (<https://thefionaproject>) any digital applications, software (including but not limited to video consultations, access to your online medical record and electronic communications system) you accept these terms and conditions in full, along with all other policies and procedures that may be published by The [Fiona Project](#) on the Platform or otherwise communicated to you by The [Fiona Project](#) (the “Terms & Conditions”).

There are some limitations on our obligations which are set out in these terms and conditions. The most important of these are:

- We provide remote mental health advice, consultations, and information services. Some instances are not suitable for such treatment, so if you have any doubts, be sure to check by reading up on our website before you book an appointment.
- In order to provide our services, we will need personal information from you. – We will store that information securely and we will not share it with anyone unless you authorise us to do so or if we have a legal obligation to do (e.g. serious concerns of significant risk to you or others).
- We provide a secondary care service, and we emphasise linking back to your local primary care services, both for your safety, and for our peace of mind (in

most cases, this is to your General Practitioner or a medical facility local to where you are based.

- We work to assess diagnose, report and treat to titration patients who do not have access to treatment and have impactful ADHD symptoms. We aim to transfer patients to their local providers, through the process of titration and this typically takes 12 - 16 weeks.
- We are based in Wales and subject to Welsh law so, though you may be somewhere else, your interaction with us is considered to be taking place in Wales or the UK. However, though we can see people from outside the UK in some circumstances, we can't take responsibility for any laws outside the UK regarding access to our services.
- These terms and conditions may have to be changed or amended from time to time. Please make sure that you have checked the terms and conditions when you start your treatment with us. These terms and conditions were last updated on: 25th September 2025.

NHS Right to Choose

If you choose to access our services via the NHS Right to Choose, we will do our utmost to assist with this but cannot guarantee your application will be successful. You accept that this is a process that you are responsible for accessing via your GP

Prescribing medicines

Clinicians will not prescribe medicines unless it is, in their professional opinion, in the best interests of their patient (and they may not be able to prescribe some medicines on the basis of an online consultation, depending on the condition and your location).

You understand and accept there is no guarantee whatsoever that you will be issued or provided with a prescription for any medication and acknowledge that the issuing of any prescription is at the sole discretion of the Clinician, subject to the limitations applied by The [Fiona Project](#) policies from time to time.

In most cases, we will seek your agreement to provide medication recommendations to your local primary care service, rather than prescribing to you ourselves. This will normally save you money, as well as allowing you access to local primary care support, if required. However, some patients need to be considered stable and optimised before they can be accepted by their General Practitioner as part of a shared care agreement.

You accept that if we provide you with prescriptions, they will be private prescriptions unless otherwise stated during your consultation. We do not charge for a private prescription; however, you will incur the cost of the medicine(s) prescribed. You acknowledge this price is set independently by the pharmacy and not by The [Fiona Project](#). For safety, The Patient is obliged to get the prescribed medicine from a particular pharmacy, unless by prior arrangement. These arrangements are open to change and patients will be kept informed of all changes as they arise.

Any prescription that you receive via The [Fiona Project](#) is only valid for use at legal UK pharmacies. You understand and agree that any prescriptions you acquire from us are solely for your personal use. Furthermore, you agree carefully to read all information provided to you and to follow the instructions provided, on the prescription(s) itself (the label applied by the pharmacy) or otherwise, prior to

taking any of the prescribed medicines. You also hereby agree to [contact](#) your clinician or another doctor or a pharmacist if you have any questions or do not fully understand the reasons you have been prescribed any medication or the instructions related to the medication.

The [Fiona Project](#) and its clinicians are not responsible for any legal prescriptions provided to you that legal UK Pharmacies refuse to dispense. You accept that it remains an individual pharmacist's right to refuse to fulfil any prescription and/or dispense medications when presented with a legal prescription. None of this affects your legal rights.

Should you choose to collect your own prescribed medication and have the prescription sent to your address, we shall make reasonable effort to send a prescription acceptable to a recognised pharmacy close to your address.

Should you choose to have us send a prescription directly to a pharmacy, we will use reasonable efforts to deliver the prescription to a legal pharmacy of your choice, but we are not connected with and have no control over or responsibility for any individual pharmacy, their policies in relation to acceptance or otherwise of prescriptions, opening hours, cost or availability of medicines prescribed.

The dispensing chemists are independent of our organisation, and, to the extent permitted by law, we disclaim responsibility for their acts and omissions.

We will be unable to offer a private prescription to any patient who has not given consent to share information with their GP. This includes your consent for The [Fiona Project](#) to obtain a copy of your health summary.

Delivery of prescriptions

If you lose a prescription, a copy may be issued, subject to the prescribing clinician agreeing to re-issue the document. There is no guarantee that a clinician will agree to re-issue any document. In the event that the clinician re-issues your lost prescription, you will be charged in accordance with the current cost for a copy (£12). You accept that it is entirely your responsibility to ensure that the [contact](#) details you provide are accurate and up to date.

Delivery by email

The cost of delivering your prescription, letter or sick note, once only, by email is included in the relevant administration fee.

You understand and agree that documents sent by email are deemed to have been sent to you once the system marks the email containing the document as “sent”, including time and date stamping that prescription for Fiona Project records. Such records shall be accepted by you, without question, as proof that we have sent the document and fulfilled our obligation to provide the same.

You accept that Fiona Project is not responsible for the spam, junk or mail receipt prevention tactics of your email service provider/host, which may for whatever reason outside of The [Fiona Project](#)’s control, filter emails from us away from your inbox. In such instances you understand and accept that you must take such access issues up with your email provider and not The [Fiona Project](#). If you do not [contact](#) us and inform us of an issue, we will deem documents by email to have been received by you within twenty-four (24) hours of us marking them as sent.

Delivery by first class post

The cost of delivering your document to a UK mainland address, once only, by Royal Mail first class post is included in the relevant administration fee you pay, as shown in our fees from time to time.

We send your documents as letters using Royal Mail first class post (or equivalent) and we cannot and do not guarantee a delivery time. If you have not received your document within seven (7) working days of it being shown as sent in your account you should [contact](#) us.

If you do not [contact](#) us and inform us of an issue, we will deem documents sent by first class post to have been received by you within forty-eight (48) hours of us marking them as sent.

Consultations

Subject to availability, you can choose to book an appointment in advance. After you have requested an appointment, you will be sent written confirmation of the appointment in the form of an email; if you do not receive such confirmation within

24 hours of requesting your appointment (or, if sooner, within 4 hours of the start of your intended appointment) please [contact](mailto:appointments@fionaproject.org) us at appointments@fionaproject.org to check we have received your booking request.

The [Fiona Project](#) will advise you by email as soon as possible if it has to amend, change or cancel any consultation that you have booked.

Late arrival to appointment, cancellation of appointment and missed appointment

If you have booked a session in advance via the platform, you may arrive and enter the consultation that you have booked up until fifteen (10) minutes after the scheduled start time of that session. For example, if you have a 1 hour session booked at 3pm, you may arrive and start the consultation as late as 3.10pm, but no later.

If you choose to cancel your appointment giving 7 or more days notice, we will provide a full refund. If you request to cancel your appointment between 2 and 7 working days before the appointment, a 50% fee (of the invoice total) will be payable. If you request to cancel an appointment within 2 working days of appointment, the full invoice amount will be payable.

You may cancel any booking you have made via the platform or by contacting us via email or telephone. If your cancellation is successful, you will receive an email from The [Fiona Project](#) to that effect; if you do not receive the cancellation email

then you must either try again or email Us. You accept that The [Fiona Project](#) is not responsible and will accept no liability for any costs, expenses or losses arising from your failure to properly cancel any consultation on the platform. You accept that failure to cancel an appointment may lead to you being charged a cancellation fee (see below) and/or the full fee for the appointment that you failed to cancel, subject to The Fiona Projects sole discretion.

We may terminate our agreement with you:

If for reasons outside our control, we are unable to provide the services as detailed in these terms

- If any fees or charges are not paid when due, and you still do not make payment within fourteen (14) days of us reminding you that payment is due on time
- You do not, within a reasonable time of us asking for it, provide us with information that is necessary for us to provide the services, for example valid [contact](#) details
- If you breach (as determined by The [Fiona Project](#)) any of these Terms and Conditions.

You must compensate us if you breach these Terms and Conditions. If this happens, we may deduct from any refund due to you, or charge you, reasonable compensation for the net costs we will incur as a result of your breach. The [Fiona Project](#) will advise you of any termination via the [contact](#) email you have provided us with.

Missed appointments occur when either you or a Clinician is not present in the video-consultation by the start time (as published by The [Fiona Project](#) on the platform) of an appointment confirmed by The [Fiona Project](#) (save that you may be up to nine (10) minutes late, as explained above)(Missed Appointment). In these instances, you understand and agree that the following rules apply:

1. If an appointment is cancelled with more than 7 days' notice we will provide a full refund. If an appointment is cancelled between 2 and 7 working days before the appointment, a 50% fee (of the invoice total) will be payable. If an appointment is cancelled within 2 working days of appointment, the full invoice amount will be payable.
2. If a missed appointment occurs because a clinician did not attend your

appointment in time then we will refund the full charge.

Refunds and Disruptions

If your consultation is determined by The [Fiona Project](#) (at its sole discretion) to have been disrupted, which terms and conditions shall include but not be limited to The Fiona Projects suspension of the platform at the time of the appointment, a clinician ending an appointment at your request because you know them (disrupted consultation), The [Fiona Project](#) will refund the appointment.

If you think you are due a refund you must [contact](#) us as soon as possible providing details of the consultation and a full description in writing of the issue or concern, you are raising.

We do not provide refunds where The [Fiona Project](#) is not at fault, such as in the following circumstances (which is not an exhaustive list but an indication only):

1. If you are unable to have a private prescription, legitimately and correctly provided via the platform, fulfilled and/or the associated medication dispensed at a pharmacy of your choice for whatever reason.
2. If your consultation is disrupted because of your actions, as determined by us exclusively. Where and when appropriate we will provide a refund and at our sole discretion.
3. If you have missed a booked appointment, as determined by us exclusively. In this instance you will be charged the cancellation fee as described above.
4. If a Clinician fails to attend your appointment, as determined by us exclusively, we will provide a refund.
5. If you do not receive a prescription, referral letter or sick note as a result of a consultation via the FIONA PROJECT Platform.
6. If it took longer than the published waiting time on the platform for your consultation to start.
7. If you did not use all available minutes in any appointment that you have started.

Circumstances beyond our control

Neither The [Fiona Project](#), nor its officers, employees or agents, shall be responsible if the supply of the services is delayed or prevented by circumstances outside its control. If this happens, we will [contact](#) you as soon as possible to let you know and

we will take steps to minimise the effect of the delay or failure. If there is a risk of substantial delay, you may [contact](#) us to cancel your account and/or cancel any booked services and receive a refund for any services you have paid for but not received.

Other limitations to our services

We cannot guarantee the availability of any of our clinicians at any particular time. If at all possible, we will arrange a consultation with a clinician as soon as possible but we cannot guarantee a consultation at a particular time.

You accept that each clinician, at its sole discretion, creates prescriptions, letters etc. based on their own professional judgement and legal obligations and that the content of such items is individual, based on information you provide us with. You must not tamper with the content of any such items. You acknowledge that there is no guarantee or warranty by The [Fiona Project](#) that such items will contain the content you desire(d), hope(d) for, expect(ed), were informed of, understood or believed they would contain.

Clinicians may provide different clinical opinions on the same condition or set of symptoms. Provided that these opinions are reasonably held, the fact that two clinicians give differing opinions on the same condition should not indicate a defective service.

We do not tolerate abuse or offensive behaviour towards clinicians.

Our use of your personal information

How we use your information

We only use your personal information as detailed in our Privacy Policy. please read this statement as it includes important information which applies to you.

Any personal information that you give to us will be processed strictly in accordance with the Data Protection Act 1998 (as may be amended or superseded) and all other relevant privacy legislation.

The terms and conditions of our Privacy Policy form part of these terms of use and we both agree to comply with its terms and conditions.

Recordings of consultations

Audio recordings for follow ups only are saved for quality, safeguarding and training purposes. All patients have the right to refuse recording and should request this at the beginning of every consultation if they do not agree to the recording.

Occasionally, if a consultation is paused or gets terminated early, or due to a breakdown in the file transmission, the audio recording may not save or can become corrupted. In these cases, it will not be possible for the patient to retrieve the recording or indeed for The [Fiona Project](#) to download the recording for any purpose. We cannot guarantee retrieval of every recording.

Price and payment

If for any reason you are unable to authorise payment for the Services in advance, you acknowledge that neither The [Fiona Project](#) nor the clinician shall be obliged to provide such services.

Any and all fees and charges incurred by a patient via The [Fiona Project](#) booking platform are the sole responsibility of the individual whose details are held under the account and must be pre-authorized prior to your receiving the Services and settled immediately after the services have been provided. Consultations may be curtailed or services suspended if at any time there are outstanding payments.

Please familiarise yourself with our fees. We make an in-full fee request for all of our adult consultation services. This pays for up to an hour and a half with a consultant and a resultant report to you and/or your primary medical health provider (GP).

Initial appointments can be made via the website only.

After your initial appointment, you will need follow up appointments. You will always be required to have a follow up appointment if the clinician has prescribed medication for you, these are not charged or limited. Your package of care is for 12 months at a time. Follow ups are as needed, to achieve a best treatment outcome.

The clinician will then agree the follow up appointment time and date with you at the end of your consultation.

Follow up appointments do not cost any money and take up to 30 minutes, via

telephone, any treatment changes are recorded in your Electronic Medical Record (EMR) and this is forwarded to you and your General Practitioner once titration and stability or your course of treatment has ended.

All initial appointments must be made via our website and follow up appointments are made online or by prior review arrangements. Appointments made via other communication channels such as telephone, SMS, Facebook or What's App are not to be viewed as confirmed or valid unless followed up by the patient using our online portal.

If you miss your follow up appointment medications will not be prescribed for that month. It is vitally important that you contact us after missing an appointment to avoid any disruption in medication ordering and supply.

The payment for any consultation is always payable prior to the appointment. If we do not receive payment before the time of the appointment, with funds cleared into our bank, the appointment will be cancelled or postponed.
